Table of Contents

I.   Log in

1. Enter your credentials (email and password) and press "Submit". This will bring you to your account which is either a lecturer account (**II**) or an administrator account (**III**).

2. If "Invalid email address or password" appears upon submitting, please ensure your account exists and that you entered the proper credentials.

II.   Lecturer account

1. Your home page enables you to view which notifications have been posted regarding the course you teach, as well as post a new notification (2), and edit (3) or delete (4) those you already posted. You can log out at any time by pressing the "Log out" button.
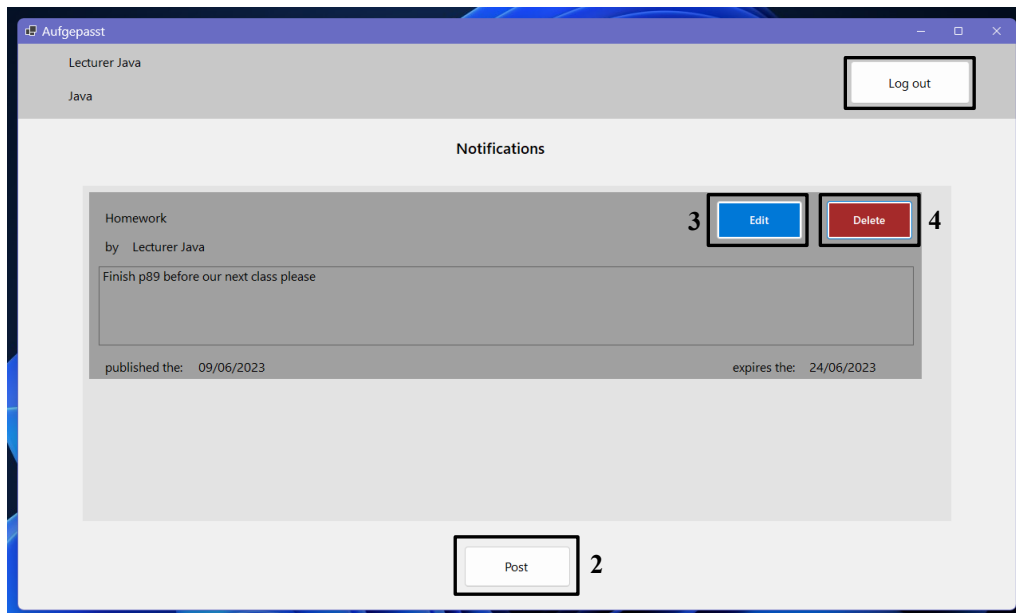

2. To post a notification, click on the "Post" button. It will open a new window in which you can fill out the name, expiration date and description of your notification. Press on "Submit" to publish it, or "Cancel" to exit the window without posting anything.
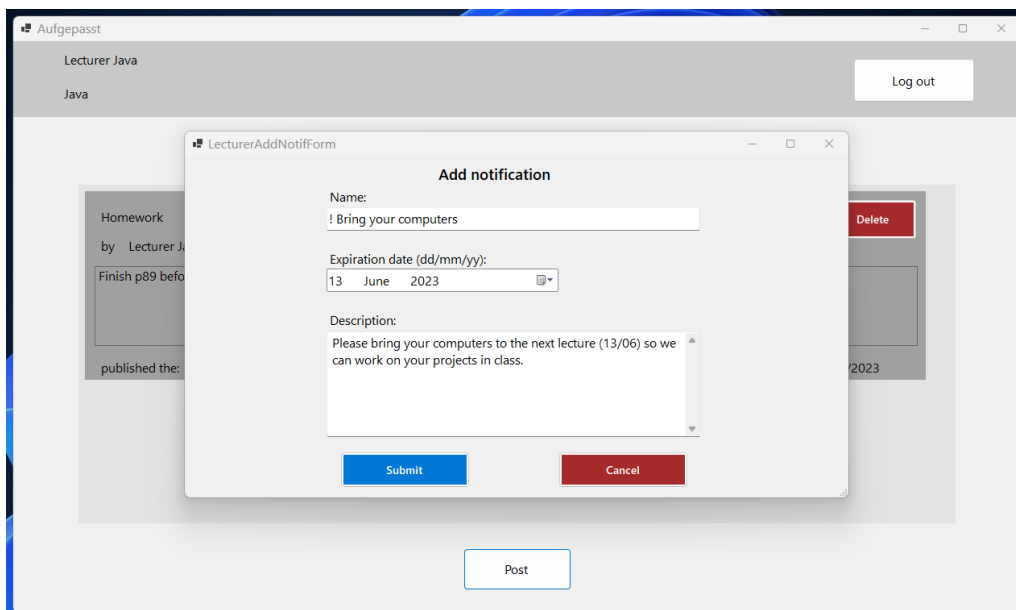

3. To edit a notification, click on the "Edit" button of one of your notifications. It will open a window in which you can modify the name, expiration date and description of your notification. Press on "Submit" to confirm your modifications, or "Cancel" to exit the window without saving your modifications.

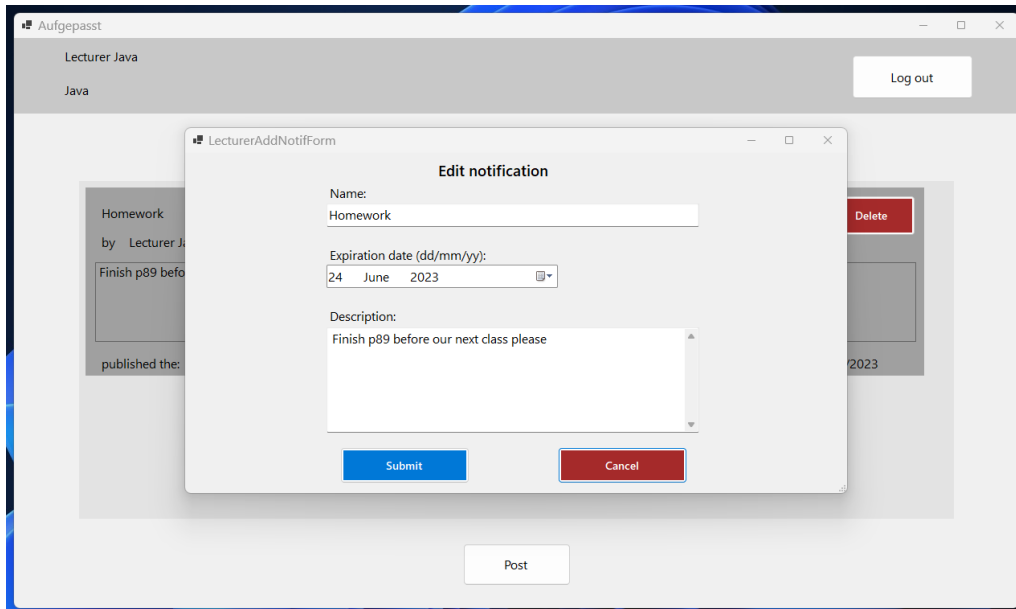

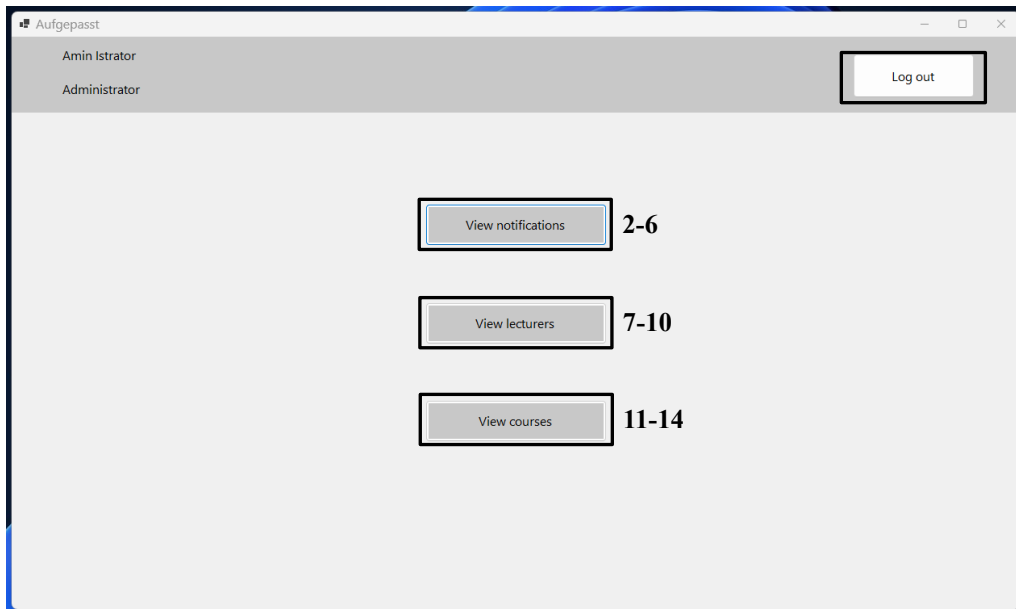

4. To delete a notification, click on the "Delete" button of one of your notifications. You will be asked to confirm the deletion of the notification.
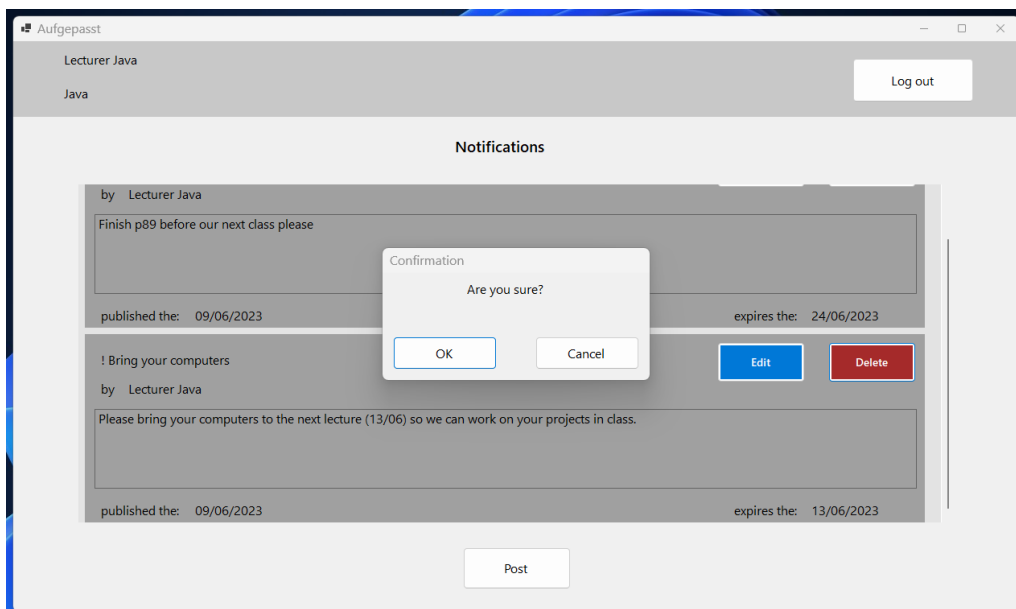

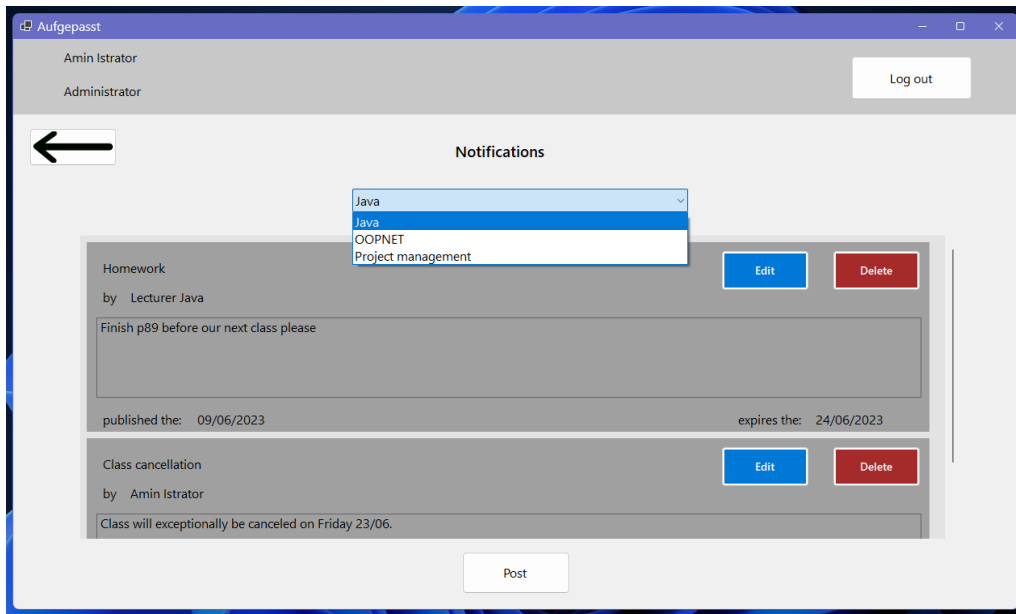

III. Administrator account

1. Your home page gives you access to the management of notifications (2-6), lecturers (7-10) and courses (11-14). You can log out at any time by pressing the "Log out" button.

2. By clicking the "View notifications" button on your home page you will reach a list of all notifications posted by lecturers in a specific course. You can change which courses' notifications are displayed (3), post a new notification (4), and edit (5) or delete (6) those already posted. To go back to your home page, press the arrow.
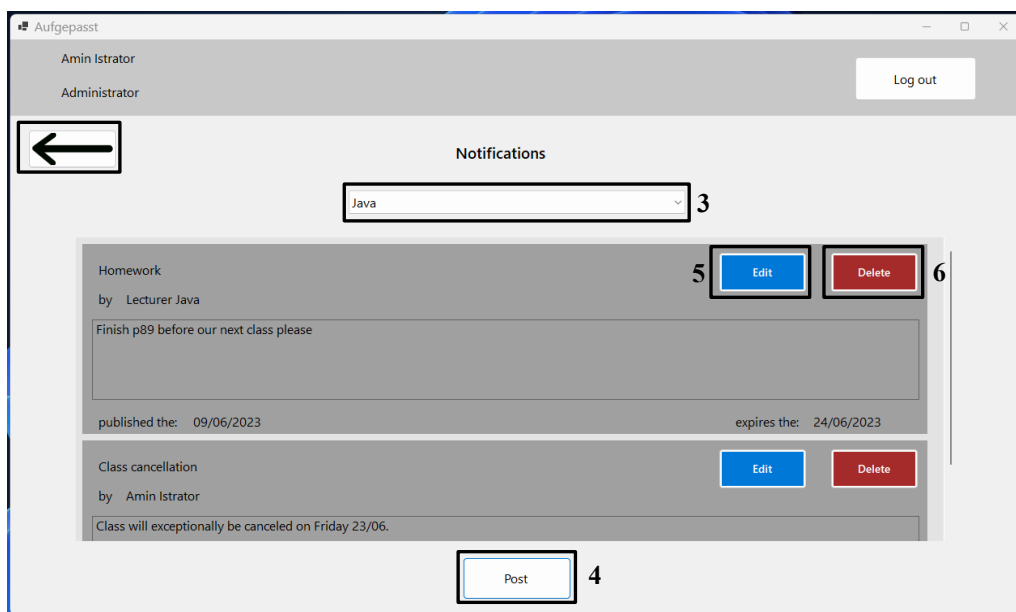

3. You can change which courses' notifications are displayed by selecting a course in the combo box.

4. To post a notification, click on the "Post" button. It will open a window in which you can fill out the name, expiration date and description of your notification. Press on "Submit" to publish it, or "Cancel" to exit the window without posting anything.
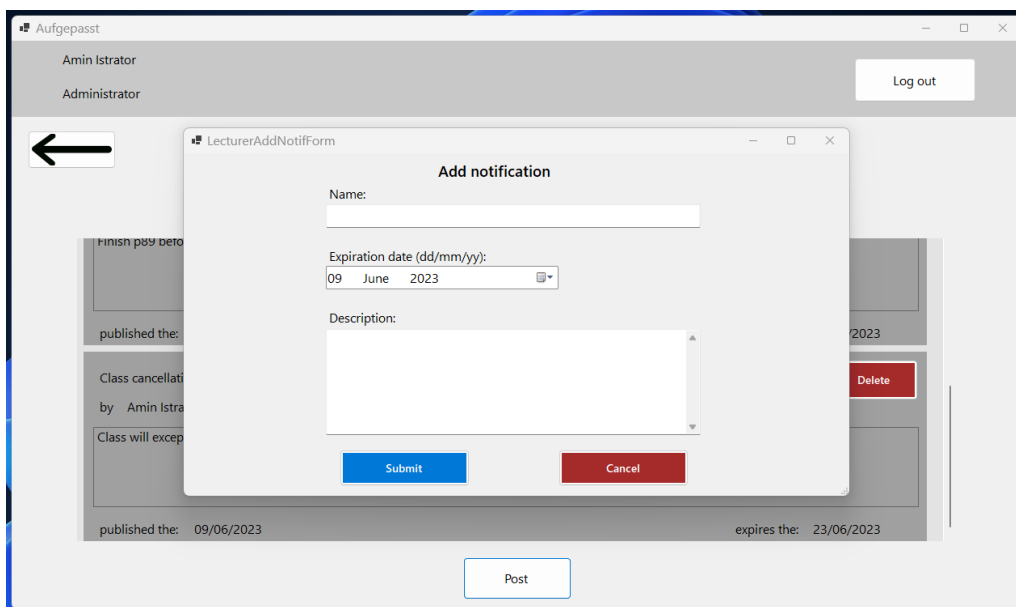

5. To edit a notification, click on the "Edit" button of one of the notifications. It will open a window in which you can modify the name, expiration date and description of your notification. Press on "Submit" to confirm your modifications, or "Cancel" to exit the window without saving your modifications.

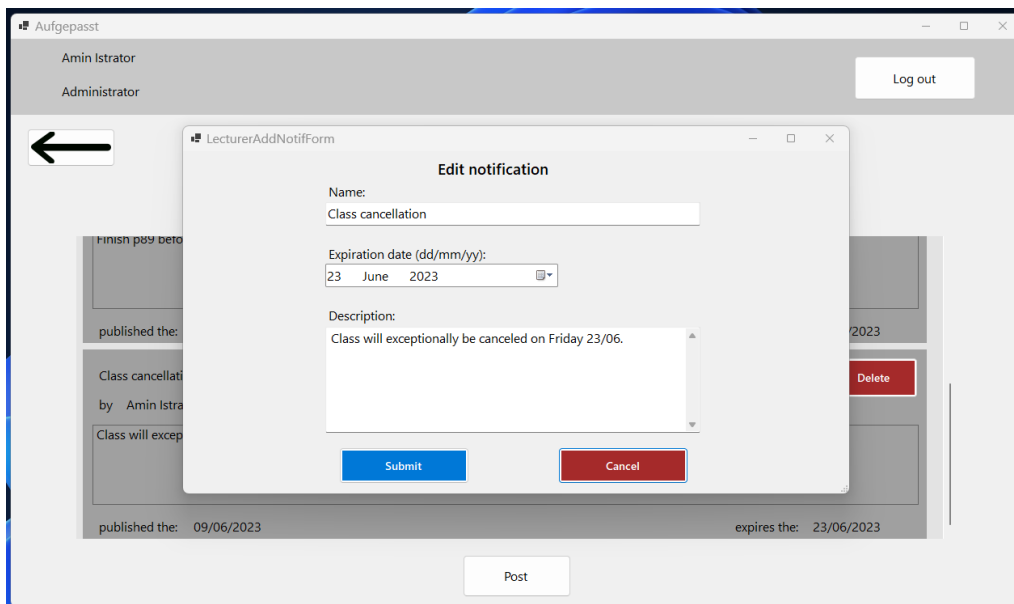

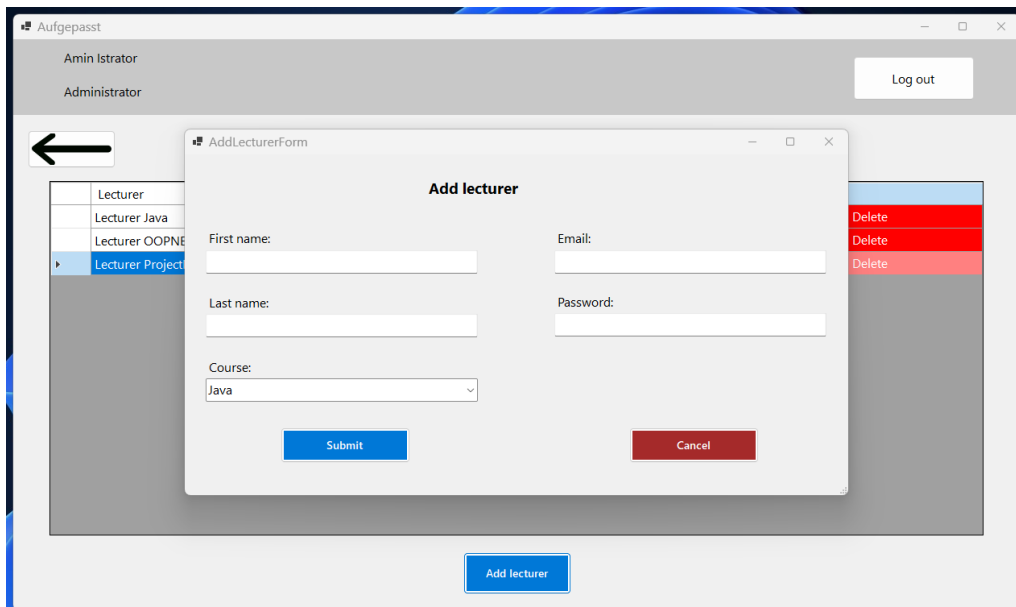

6. To delete a notification, click on the "Delete" button of one of the notifications. You will be asked to confirm the deletion of the notification.
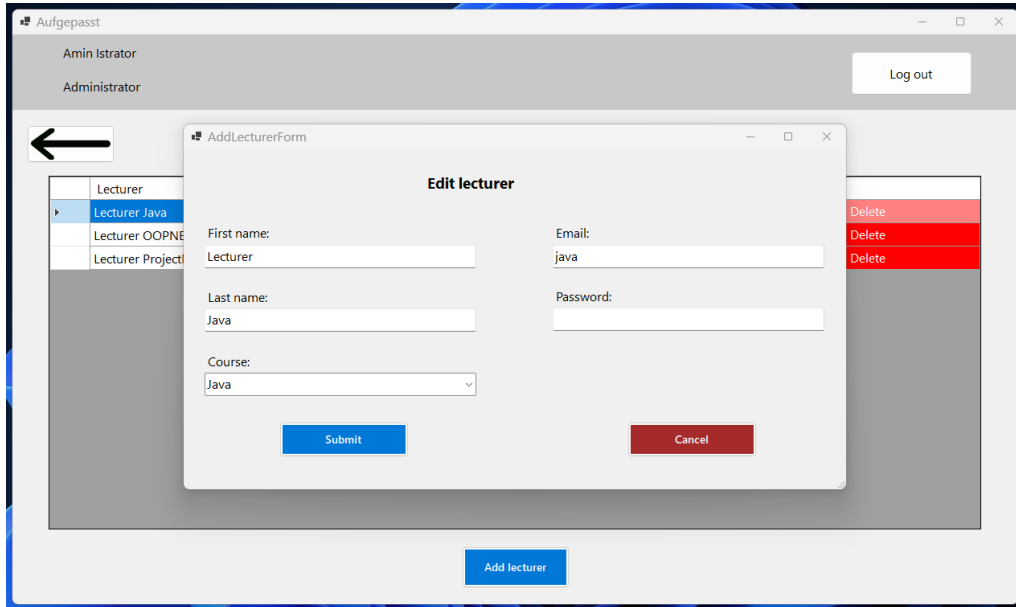

7. By clicking the "View lecturers" button on your home page you will reach a list of all lecturers. You can add a new lecturer (8) as well as edit (9) or delete (10) an already existing one. To go back to your home page, press the arrow.

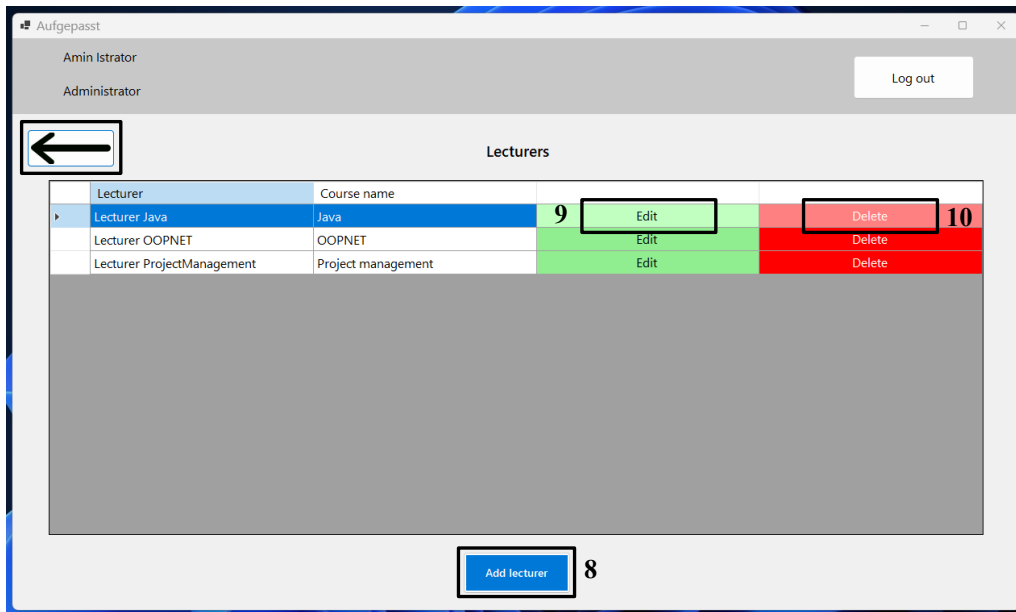

8. To add a lecturer, click on the "Add lecturer" button. It will open a window in which you can fill out the first name, last name, email, password, and course of the new lecturer. Press on "Submit" to publish it, or "Cancel" to exit the window without creating a lecturer.

9. To edit a lecturer, click on the "Edit" button of one of the existing lecturers. It will open a window in which you can modify the first name, last name, email, password, and course of the lecturer. If the password field is not filled out, the lecturer will keep their current password. Press on "Submit" to confirm your modifications, or "Cancel" to exit the window without saving your modifications.

10. To delete a lecturer, click on the "Delete" button of one of the existing lecturers. You will be asked to confirm the deletion of the lecturer.
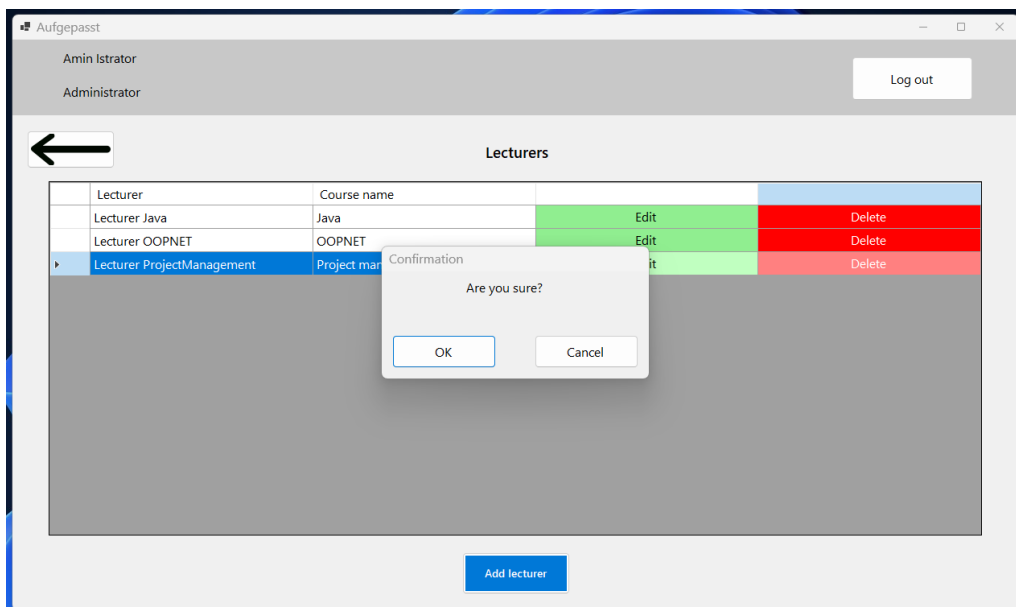

11. By clicking the "View courses" button on your home page you will reach a list of all courses. You can add a new course (12) as well as edit (13) or delete (14) an already existing one. To go back to your home page, press the arrow.
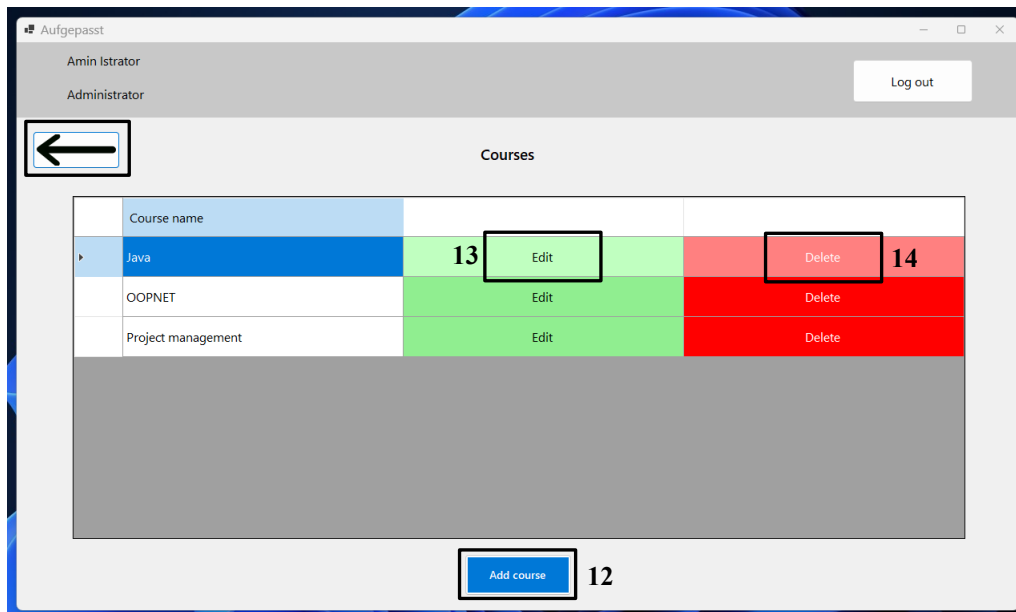

12. To add a course, click on the "Add course" button. It will open a window in which you can fill out the name of the new course. Press on "Submit" to publish it, or "Cancel" to exit the window without creating a course.
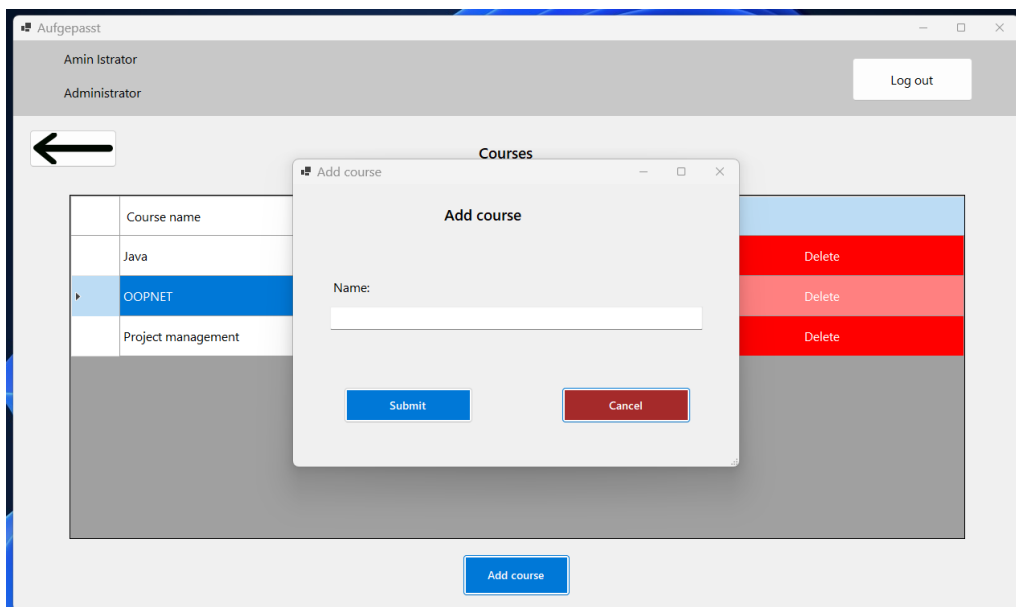

13. To edit a course, click on the "Edit" button of one of the existing courses. It will open a window in which you can modify the name of the course. Press on "Submit" to confirm your modifications, or "Cancel" to exit the window without saving your modifications.
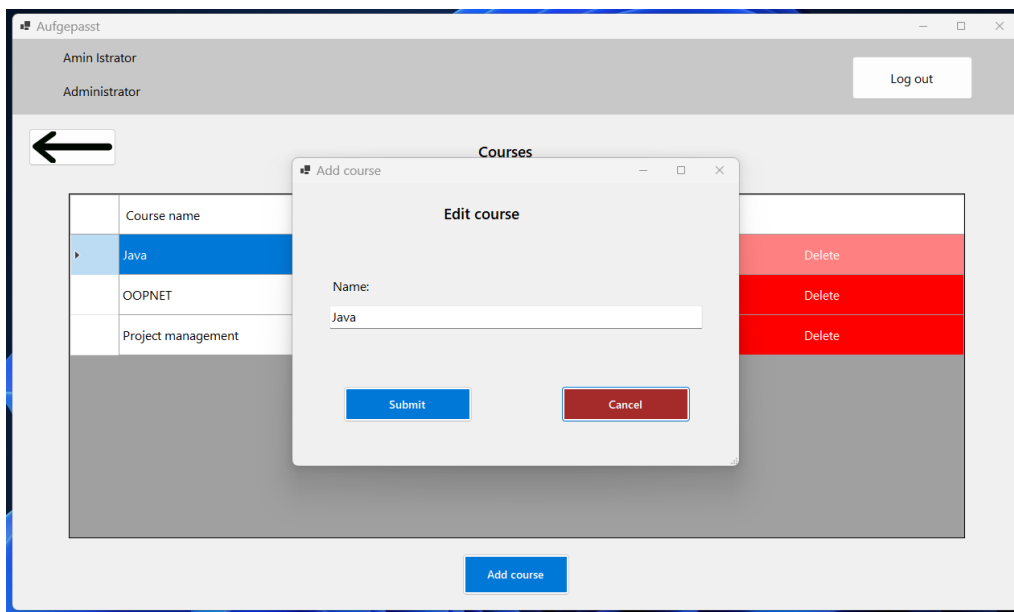

14. To delete a course, click on the "Delete" button of one of the existing courses. You will be asked to confirm the deletion of the course.
